RE: Recent tragedies in movie industry

I've been living and working in Los Angeles since 2001. I moved here from San Francisco where I was working in SF Bay Area television and in college from 1995-2000. I moved to SF from Denver, CO where I was working in television and studying movies from 1993-1995. I grew up in Madison, Wisc., where I began a career as an actress in 1977 (three years old) and grew up working in theatre and studying movies until I won Best Actress in High School in 1990. I was raised my entire life to move to Los Angeles to work as an actress in the movies by my grandmother who had to grow up without a father because he was killed by Adolf Hitler in WWII when she was ten years old.

Since moving to LA in 2001, I have been working my tail off to respect the marriages of other people. I paid my way through college (graduated Dean's Honor List) by driving a Taxicab for the City of Los Angeles from 2001-2009. I currently have three college degrees: Theatre Arts, Liberal Arts and a degree as a RN Assistant. I have been working in Los Angeles as a RN Assistant on weekends while pursuing work as an actress in the movies during the week--since graduating with a degree in Theatre Arts in June, 2008.

Recently, in the past few years, someone (I suspect it is Irmelin In den Birken, a.k.a. "Irmelin Birken") has been stealing my monies and it is causing kids to die. Whoever is stealing my monies is either abusing power and misappropriating my monies or is just not qualified to do my job as an actress in the movies. (Obviously, otherwise kids wouldn't be getting murdered as a result of leaving me out of Blockbuster films.) It is having such a negative cause and effect upon the people in this country—that kids are being murdered by serial killers. (I never lived in Aurora or Milwaukee, but I have worked in both of those cities throughout my life.) I am here now, in LA, as a Dean's Honor List graduate who is very against hurting any kids, whatsoever. I got straight A's in every subject at school and I am the creator of [REDACTED]—which literally means every Joe in town—a website I built to help kids and seniors learn how to use the internet. See also: [REDACTED]

I need help from the LAPD and from movie studio executives to find out who is stealing my work/monies as a result of outsourcing my jobs as an American actress in blockbuster films, because whoever it is...is claiming to be qualified to do a job she is not qualified to do. Kids are being unnecessarily murdered and evil is being created by my funds being misappropriated to individuals in the film industry (possibly British prostitutes who have no state credentials to whom my US monies from my US jobs clearly do not belong to and should not be going to).

What the executive assistants and administrative assistants working in every major studio need to understand is that although British actresses may act like they are giving us money and benefiting our communities, but the truth is they are only pretending they will be a benefit to our communities. In reality, they are really stealing USD from studios, and damaging our country's economy by doing so. Otherwise, LA wouldn't be 500 million dollars in debt right now due to the outsourcing of jobs going on to foreign born actors and actresses. If we ever want to have the Olympic ceremonies in Los Angeles, we need to start oppressing the evil British prostitutes or actors, instead of the more talented and more skilled American actresses who are

qualified to do the work necessary in AMERICAN STUDIOS AS AMERICAN ACTRESSES AND ACTORS.

Every time a job for an American actress is outsourced to an evil British “so-called actress” (who has no state credentials—which means she is half as talented as an American actress who does) FOR AMERICAN MONIES (that should be given back to Los Angeles to benefit LA’s economy), severe damages are caused to LA and to the U.S. When’s the last time any of us, or the City of LA, have been repaid for the millions of dollars outsourced to foreigners—which should have been kept in the FOREIGN FILM DEPARTMENT ONLY, by any British or French Actress? Even I, one of the best American actresses in the world, have proven myself to give back more to LA communities by helping Arnold and Maria with the minimum wage increase and helping all the taxi drivers with better wages and working conditions. IT IS NEVER CLASSY TO OUTSOURCE JOBS TO BRITISH OR FRENCH PROSTITUTES WHO CANNOT DO MONOLOGUES AND WHO HAVE NO STATE CREDENTIALS!

I was born three days after Leonardo Di Caprio. Di Caprio’s date of birth is 11-11-1974 and mine is 11-14-1974. I also suspect that my rights to go to work as an actress in the movies--which I have been training for since 1977--are also being withheld because Irmelin Birken (his mother) is lying about the cause and effect she and her son are having upon me & my responsibilities to working as an American actress. I’ve been working as a credible actress since 1977. Birken’s lying and “reckless disregard for the truth” is and has been causing huge negativity in the film industry and at Warner Brothers. Is the negativity being caused as a result of her lying and misappropriating of funds--that rightfully belong to me?

I suspect Birken is not being honest because she fears the cause and effect that I--a Dean’s Honor List graduate--could have upon her son’s career. When at the same time, she’s not taking into consideration the EXTREMELY NEGATIVE cause and effect he is and has been having upon me and my career. What do you mean he dropped out of High School and doesn’t have a High School diploma? I know I can help him and this country if we were cast together. Please help us be cast together so we can make something positive of our relationship for the benefit of our country.

I think evil British prostitutes have been taking advantage of Leonardo’s lack of education for a little too long. Is it strategic planning on behalf of British economists to manipulate Leonardo—when he is three days in front of me—to benefit their country, instead of ours? The damages being done to our country as a result of Leonardo DiCaprio’s and Irmelin Birken’s willingness to allow my job(s) to be outsourced to foreigners is absolutely unacceptable! He should be defending my job as an American actress, instead of defending the wages of a foreigner! If Leonardo Di Caprio had never outsourced my job one single time, over the past 14 years, we would have had the Olympics in LA, instead of London; and Los Angeles WOULD NOT BE IN 500 MILLION DOLLARS IN DEBT RIGHT NOW!

Another problem, Birken is causing me to lose one million dollars because she is turning down work offered to Leonardo Di Caprio for 19 million dollars. Many of these offers that were made to him were as a direct result of my hard work and encouragement for both of us to be cast together to respect GOD and to respect our communities because we are three days apart from each other. Neither of them are taking into consideration the negative cause and effect they are having upon me and my role in OUR industry.

When Irmelin Birken and her son reject job offers valued at 19 million because it is not enough for Leo (11-11-1974) to get paid, they are causing DEVASTATING LOSSES TO ME (11-14-1974) AND THIS COUNTRY! THE LYING AND STEALING IS UNACCEPTABLE! **This country needs my identity to be seen in the blockbuster movies! I care about this country and what goes on it and I do not want any more kids to get hurt because I am being left out of blockbuster films!**

Irmelin Birken was not born in this country and I come from four generations of highly respected US military officials. I have members in my family who have served this country in every branch of the US military: Army, Navy, Air Force and Marines. Irmelin Birken has NONE.

Do I need to press charges with the police? Irmelin Birken is refusing to cooperate with me and mocking my monies and work (that God meant for me and my soul 11-14-1974) that are being stolen from me. Is she the one responsible for misappropriating my funds that she received based upon my: work experience, work history and work excellence? I suspect Irmelin Birken started misappropriating my monies in 1998.

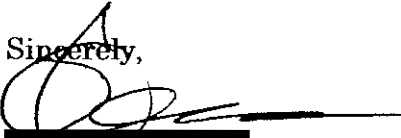

Since my college graduation in 2008 (with my third college degree With Honors), I've been attempting to make peace with Birken to work it out. She is not being cooperative in developing a professional business relationship with me and denies any of the charges. Now, it is 2012, and kids are being murdered across the country (and in Norway) by serial killers due to her "reckless disregard for the truth." This is why I am writing to the police and to studio executives with the whole truth and nothing but the truth. I hope to solve the real problems that are really causing these kids to die. Irmelin Birken is abusing intelligence and honors that I have earned and (instead of empowering me like she should be doing), she is empowering someone not capable of doing my job, AGAIN! *(which damages our country & LA's economy, every time she outsources my job)*

I need the help from the police and from studio executives because Irmelin Birken is lying about everything. We need to know who is misappropriating my funds. Evil is being created and kids are being murdered as a direct result of Irmelin Birken misappropriating my funds to girls who are not qualified to do my job. This is not acceptable! I do not want any more kids to get hurt because my funds are being misappropriated!

Do I need to order investigations to prevent the unnecessary deaths of any more innocent people? STUDIO EXECUTIVES: Please see the attached evidence and call me in at [REDACTED] so that we can get this worked out. I've earned the "Rights, Benefits, and Privileges With Honors" to working as a successful actress in blockbuster studio films. It is not right to continue to let Leonardo Di Caprio (11-11-74) be cast, without casting me: his counterpart (11-14-1974), for the safety of American children. If kids are being murdered because Leonardo Di Caprio is being cast in studio films without me, **THEN I AM NOT BEING LOUD ENOUGH!**

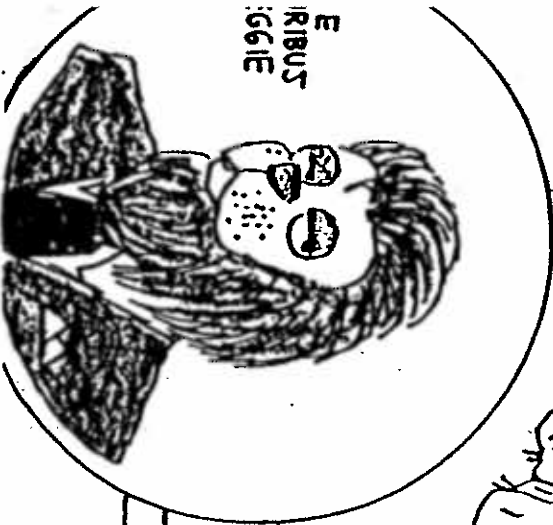

PLEASE HELP ME AND PLEASE DO THIS COUNTRY AN HONEST FAVOR: CALL ME IN TO BE CAST. **LET'S DISCUSS A CONTRACT** TO MAKE SURE THESE PROBLEMS GET SOLVED.

Sincerely,

[REDACTED], Best Actress Winner
